- Improved sewing with longer feed dogs and zigzag foot
- Lock off reinforcement stitch button
- Advanced needle threading system

Bring fashion to life

Get even more creative

Tackle larger projects with ease and put your creative stamp on fashion and furnishings.

The Innov-is NV1100 and NV1300 come with a generous work area – great for quilts. Other exciting new features allow you to tackle a wide range of creative projects, so now it's easy to put your own stamp on fashion and soft furnishings.

For the beginner or the experienced seamstress, these machines have a great range of features that allow you to be creative in your designs. Featuring a wide range of built in stitches, the Brother exclusive My Custom Stitch feature and a large 8.3" workspace. With improved sewing with longer feed dogs and the included zigzag foot, the NV1300 and NV1100 are ideal for making, repairing or altering clothes and home furnishings.

Key features

- Large 8.3" from needle to arm. Ideal for large sewing projects such as quilts, curtains, etc.
- Clear LCD screen showing stitch details and settings.
- Direct stitch selection – simply key in the number of the required stitch.
- My Custom Stitch allows you to design your own decorative stitches and save them to memory for future use.

Features and functions

LED lighting

Super bright LED lighting lights your work area effectively.

Knee lift

Free up your hands by using the knee lift to raise/lower the presser foot. Ideal for working on larger projects such as quilts.

Advanced needle threading system

With the push of a lever, the thread is pushed through the eye of the needle.

Lock stitch button

At the touch of a button, lock off stitches can be easily sewn at the beginning and end of the stitch.

Drop-in bobbin

Simply drop in a full bobbin, follow the thread guide and you are ready to sew.

Customised settings

Allows you to adjust the stitch width, length, and thread tension to your personal preference and save these to memory for future use.

Feature	Benefit	NV1100	NV1300
Built-in stitches*	Wide choice of utility and decorative stitches.	180	240
One step buttonhole styles	One step 'auto size' buttonhole function creates perfectly uniform buttonholes.	10	10
Advanced needle threading	Simple and quick needle threading by lowering the lever.	✓	✓
Quick set bobbin	Just drop in a full bobbin and you are ready to sew.	✓	✓
Accessory compartment	Convenient storage compartment for accessories.	✓	✓
LED sewing lights	The work area is lit by bright LED lighting.	✓	✓
Presser foot levelling button	Ensures the presser foot is kept level for smooth stitching across varying fabric thicknesses.	✓	✓
Reinforcement stitch	Automatically sew a lock off stitch or easily sew a block of decorative stitches.	✓	✓
Drop feed	The feed is easily lowered for free motion or free hand sewing – useful for quilting.	✓	✓
F.A.S.T. bobbin winding system	'Fast And Simple Threading' makes winding bobbins quick and easy.	✓	✓
Needle stop position	Select whether the needle should be up or down when the machine stops. Useful for turning fabric, sewing corners or joining quilt pieces.	✓	✓
Lock stitch button	Lock off stitches can be sewn at the beginning and end of the stitch. When pressing the lock stitch key while sewing a decorative stitch, the machine will stop automatically after completing the motif.	✓	✓
LCD display screen	Large clear screen displays stitch details, including stitch length and width and the type of presser foot required.	✓	✓
Error messages	Alerts you to incorrect settings.	✓	✓
Upper thread tension adjustment	Adjust the thread tension according to the fabric thickness and stitch being used.	✓	✓
Handy central controls	Control buttons in one convenient location.	✓	✓
Hard case	A sturdy hard case protects the machine when not in use.	✓	✓
Snap-on presser feet	Quickly and easily change presser feet.	✓	✓
Slide speed control	Adjust the sewing speed from slow to fast. This can also be used to adjust the stitch width whilst sewing.	✓	✓
Stitch reference guide	Choose the required stitch from this useful chart inside the top cover.	✓	✓
Twin setting (Single/Twin)	Easily switches between single and twin needle sewing.	✓	✓
Initial needle position function	Sets the needle position to the left or centre, making it easy to sew from the desired position.	✓	✓
Lettering upper case	Upper case lettering style.	✓	✓
Lettering lower case	Lower case lettering style.	-	✓
Combining patterns	Create your own stitch combinations and save them to memory for future use.	✓	✓
Mirror imaging	Create a mirror image of your stitch pattern to achieve an even greater variety of stitches.	✓	✓
Repeated or single sewing	Choose to sew a stitch pattern once or repeatedly.	✓	✓
Vertical pattern adjustment	Adjust the length of decorative stitch patterns.	✓	✓
Knee lift	Raise/lower the presser foot using the knee lift, enabling you to keep both hands on the fabric. Ideal when working on larger projects such as quilts.	✓	✓
Sideways sewing	Sews in up to 4 directions. Sews extra large 40mm wide side feed decorative stitches.	-	✓
Automatic thread tension	The tension will automatically adjust depending on the stitch you have chosen.	-	✓
Walking foot	Ensures an even feed action when sewing multiple layers of fabric.	option	option

*including buttonhole styles

Optional extras

Wide table

Expand the sewing area with this extra-large extension table. Ideal for large quilting and sewing projects. The table includes a measurement guide and storage area for your knee lift.

Multi-function foot controller

Multi-function foot pedal with heel kick. The heel-kick can be set out of the following on the machine's setting screen.

- Thread cutter
- Sewing one stitch
- Reverse stitch
- Needle up/down

Circular attachment

With the measured circular attachment, you can create arcs, concentric circles and more. Use the braiding and cording feet to add those all-important finishing touches, like decorative trims and threads.

Bobbin work

Create reverse 'upside down' sewing with speciality decorative threads that don't fit through the eye of the needle.

Creative Quilting Kit

A kit with all the feet you need to make quilting easy, includes a wide table plus a fabric grip accessory.

Open toe quilting foot

The large opening on the front of the foot gives you wide visibility of the needle area. Use for free-motion, outline quilting, etc.

Side cutter

Create the perfectly cut edges of an overlocker with the side cutter. Cut overcast and fabric edges simultaneously. Get creative with measured and finished straight or zigzag fabric edges.

Ruffler foot

In lightweight fabrics, easily create ruffling or pleats with evenly spaced tucks and gathers.

Non-stick foot

For fabrics which may stick to the bottom of the foot such as leather, etc.

Candlewicking foot

For sewing candlewick stitch.

Stitch in the ditch foot

For sewing quilt bindings or concealed seams on clothes.

5 Groove pin tuck foot

For making pin tuck with large interval.
